**RE: Supporting Parents with Internet Safety**

Dear Parent/Carer,

During the current school closure all students, parents and staff have become more adept in remote learning, using the internet and other online resources. As our children's screen time has increased within the last few weeks, it is important to understand the issues around staying safe when online. With that in mind the Lincolnshire Safeguarding Children's Partnership, in conjunction with Lincolnshire Police and Lincolnshire County Council, have organised two 'live stream' events to support parents with Internet Safety. Please find the details of these events below:

**Live stream information: Internet Safety**

Helping our children use the internet safely has never been more important. To help parents and carers support their children to enjoy all the benefits the online world has to offer, the Lincolnshire Safeguarding Children Partnership and the Stay Safe Partnership would like to invite parents and carers to our first live stream events about online safety **on 21<sup>st</sup> January 2021**.

These two live streamed events will give you information on some of the risks that we teach children in Lincolnshire about and how you can manage their use of technology at home. The sessions will start at **12:30pm and 7:30pm** and will be available to view on the LSCP YouTube channel once they have ended.

Come and join us next week
