

Home learning is different to learning in school. You will need to plan your time carefully to make sure you are able to complete the work, but also do other hobbies you enjoy safely in your home. If you don't have hobbies that can be done at home, this is the perfect time to learn how to play the guitar that is gathering dust in the corner or learn a new language, or create a training circuit in the garden.

**As we begin to consider the next steps in your education and training, this is a good opportunity to prepare for your chosen course or career. Use the website of your chosen college or Sixth Form to find out about the courses you have applied for. Look for reading lists or work that you can complete to get ready for the next stage of your journey in September. There is more help and advice available on the Careers [Sharepoint](#) page, the Careers area of the Pembroke website, or email [adoughty@prioryacademies.co.uk](mailto:adoughty@prioryacademies.co.uk) if you cannot find the answer to your question there.**

New home learning tasks will be added to sharepoint by subjects each week. This overview document will be published every Monday to signpost you to the tasks, but you can start them as soon as they are posted by your teacher. Please remember to check you have completed all the work from the previous home learning packs.

There are a number of websites and resources freely available to support you further in your home learning. You will find links to many of these on the Home Learning page of the Pembroke website.

Challenges and interesting opportunities will regularly be posted on the Pembroke Academy Facebook and Twitter pages. These include art and technology challenges, links to virtual tours of museums and zoos, workouts, online learning programmes and free books.

| Whole School Challenges | <p>The History department would like you to keep a diary about your experiences of the COVID 19 (Coronavirus) pandemic – your experience of daily life, your thoughts and feelings about the current situation and how it is impacting upon the way you live, your family, friends and relatives. Full details can be found on the History <a href="#">Sharepoint</a> page: Enrichment Projects</p> <p>We are living through history right now, things that are happening now have never happened before, and it is something that you will remember for a very long time. To remember what we were doing at this most unusual time we will be creating a Pembroke time capsule.</p> <p>A time capsule template with lots of ideas of things that you could put in it has been created. You will need to change fonts, add backgrounds and make it personal to you. You can use all of the ideas, some of them, or none of them if you have ideas of your own - it is YOUR time capsule. A link to the document can be found on the Science <a href="#">Sharepoint</a>. If you would like to include your time capsule in the Pembroke capsule, please email your work to Mr Wilson <a href="mailto:gwilson@prioryacademies.co.uk">gwilson@prioryacademies.co.uk</a>. If you would like to add objects to the time capsule, please bring them when school reopens.</p> |
