Results day details

Notification of Results

GCSE:

Results will be available for collection from school between **09:30 - 11:00** on **Thursday 20th August 2026**.

Staff will be available in school from **09:30** to deal with any specific exam / careers related guidance you may require

If you have requested results by email, these will be emailed to your student accounts after 9.30am. Any request for results by email must be sent to Mrs Alderman. We can only send results to your Pembroke email account, unless specific written permission is emailed via your school email to Mrs Alderman allowing results to be emailed to your parent's email address. This must be the email address registered on SIMs.

If you are not able to collect your results you can nominate a person to collect on your behalf, but you must let Mrs Alderman or Mrs Warnock know beforehand, either by email or with a signed letter on the day, and the person collecting must bring ID with them.

Mrs T Alderman (Exams Officer) talderman@prioryacademies.co.uk

Mrs S Warnock (Assistant Headteacher) swarnock@prioryacademies.co.uk

Results slips

On results day you will receive a Results Slip generated by school that will show your provisional results. The results are provisional (pending any post-results services outcomes that you may have applied for) until you receive your results certificate. The results slip lists ALL the exams you have been entered for and any components within the qualification.

The number/letter in the 'Grd' column indicates the overall grade, and the 'mark equiv' tells you your total mark in the qualification. The Combined Science grade is two separate number grades, eg '77' is two grade 7s, '45' would be grade 4 and grade 5. The letter grade for English Language is your speaking and listening result.

Your individual paper marks will be available from heads of subjects.

DFE Educational Record App

Results will be uploaded to the Educational Records app after 11am on Thursday 20th August. This app is permanently linked to the you, and all future qualifications will be added to this record.

Certificates

Certificates usually arrive in early November. A celebration event will be held in late November for all students to collect their certificates. Details of this event will be sent in the autumn. All uncollected certificates will be available from December in reception.

If you are unable to collect certificates yourself then you may send someone on your behalf, as long as they provide a letter signed by yourself saying you give them permission to do so. Alternatively, you can let the exams team know by email and the nominated person will be able to collect them if they can provide ID.

JCQ regulations state that schools should keep certificates for 12 months. If they remain uncollected they may be disposed of securely.

Awarding bodies do not issue replacement certificates for GCSE or GCE qualifications, instead they will issue a certified statement of results which can be used in place of an exam certificate. This can cost £45-70 per exam board. It is therefore recommended that you collect your certificates and take good care of them; many employers will require these in order to offer employment.

Post-results services

If you are not happy with your results, or they aren't what you expected, then there are post results services that can be accessed.

- 1. Requests for scripts**
- 2. Review of marking**

Please see below for more details on these:

1. Requests for scripts
A photocopy or the original of the student's script. This is useful for staff to check for marking or administration errors before applying for a review of marking.
2. Review of Results a. Clerical re-check b. Review of marking A check that the examiners have marked externally assessed components correctly. Changes to marks will only be made where there is an administrative or marking error but not where the original mark is reasonable. This is in line with Ofqual's review of marking guidance. Marking errors can occur as a result of: an admin error; a failure to apply the mark scheme where a task has a 'right' or 'wrong' answer; an unreasonable exercise of academic judgement. The checks will also include the clerical rechecks detailed in service 1. You can request a copy of the reviewed script. The outcome is normally issued within 20 calendar days of application. Important: marks can go down as well as up - you could end up with a lower mark. reviewers will not remark the script. they only act to correct any errors identified in the original marking.

IMPORTANT: marks and grades can go up OR down – you could end up with a lower mark or grade.

The decision to apply for a review of marking will be taken by the Academy. If the Academy feels that a review is appropriate, the costs will be covered. If you would like to proceed with a review following a decision by the Academy not to review, individuals will be asked to cover the associated costs.

If a grade changes (up or down) there is unlikely to be a fee charged. However, this may depend on the awarding body's charging policy.

If a grade does not change then there is a fee charged. Please see the table on page 5 for the cost of these.

What if I am not happy with my final grade?

1. If you were close* to the next grade it may be worth considering a marking review.

Please complete a [forms quiz](#) by Friday 4th September, giving the Academy permission to download your scripts in the relevant subject. The Academy will not submit a review of marking without the script first being reviewed by Pembroke teaching staff. You will also have to choose which paper and units you want to apply for review.

* The definition of close depends on the subject, for some this will be only one mark, for others it may be more.

There is a cost per paper if the review is unsuccessful, but reviewing the script alone is a free service.

2. By 15th September, the Academy will select those students they wish to submit for a review of marking, and you will be notified by email. A paper copy of the consent form for a review of marking submission must be completed and signed by the student in school to acknowledge that a review of marking could result in a **mark increasing or decreasing**. This must be signed before the Academy can submit your request to the exam board.

3. If not recommended for review by subject staff, you can still apply for a review yourself via the Academy; you will then have until 19th September to let us know if you wish to proceed with this. This will not be funded by the Academy, and a request for payment will be made through ParentPay. If the review results in a changed grade, the amount paid will be refunded to you.

If, once you get your reviewed grade back, you are still not happy then you can go through the exam board appeals process. Please contact Mrs Alderman for more information on this.

For certain subjects remarks cannot be applied for as an individual but only as a whole cohort; decisions on this would be discussed with relevant Head of Department and exams team.

The post-results services available are:

- **Access to scripts (ATS):** Access to marked examination scripts. This must be done first.
- **Reviews of Results (RoRs):** Clerical re-check; review of marking; review of moderation (whole cohort only); appeals
